New Business:

1. Permit to construct a fence at 3604 Husted Driveway was approved without objection.
2. Permit to construct a fence at 8917 Montgomery Avenue was approved without objection.
3. Snow removal in front of Village driveways. A resident requested that the snow removal company clear village driveways when shoveling snow from streets. This issue will be mentioned to the contractor.
4. Traffic on Inverness Driveway between Montgomery and Brierly. Village residents on this street reported a few incidents of parked cars being hit, highlighting the traffic problem on this street (discussed at previous Village meetings). The Village will put in new signs, as previously discussed, as soon as the weather permits digging the new posts. The jurisdictional problem along this stretch of Inverness must still be addressed since the Village, Coquelin Run, and Montgomery County are all involved. Something will be included in the Village Newsletter to address this concern.

Unfinished Business:

1. Kensington Parkway Update—the purchase of trash cans with spring loaded lids was approved without objection. They will be ordered for several spots along Kensington Parkway.
2. Jones Bridge Road Busway Update—Mike Madden, Project Manager, will attend the January Village meeting to address the status of this proposal. In order to get the improve attendance at this meeting and to get the word out to interested parties announcements will be included in: the next Village Newsletter, NCC Elementary School backpacks, the bulletin board at the CC Market, and via a Village phone tree. In addition, Channel 15 will be contacted to see if they would like to televise the meeting.

The meeting was adjourned at 9:15 pm.
